

November 10, 2014

The Town of Castle Rock takes pride in being one of the best places to live. Part of being one of the best, is maintaining a safe community.

Now that we've turned our clocks back and experienced a few cold mornings, it's time to prepare for snow and ice hazards.

All property owners are urged to maintain curbs, gutters, and sidewalks on or adjacent to their property free from all obstructions, snow, and other hazards. Please remember that snow and ice must be removed from the sidewalks within forty-eight (48) hours following the termination of any weather condition which causes two (2) or more inches accumulation upon such sidewalks.

Thank you for taking pride in Castle Rock by helping to maintain a safe and aesthetically pleasing community.

If you have any questions about snow and ice removal, please feel free to contact me.

Kind Regards,

A handwritten signature in blue ink that reads "Lenore Bennett". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
